#### S. PAUL'S CHURCH.

Another Anglican Church which had a very successful year was St. Paul's Church, of that of St. Paul's at Glasgow, one of the three parishes looked after by Rev. George Pappin, Mountain Top. The vestry meeting was held yesterday, when Augustine French, the people's warden, read the annual statement showing a slight balance to the good. Messrs. Hingham was appointed rector's warden, and Mr. French re-elected representative of the people. The stewards were appointed as follows: Messrs. Neill, Ames French, Allison, A. Turner, L. Ames and C. Dalton. In thanking the officers of the year, the rector alluded to the excellent work of the Women's Auxiliary and other organizations.

#### ST. LUKE'S CHURCH.

With an exceptionally large attendance and splendid reports, the meeting of St. Luke's vestry was a harmonious and happy one. The rector, Rev. F. N. K. Burns, occupied the chair and opened with earnest exhortations, following which the vestry clerk, E. G. Brown, read the minutes of the last meeting. The warden reported receipts to the extent of \$2,070, passing through their hands, of which \$108 went for missions. They also reported a small balance on the right side, a little more than a year ago. The rector's annual report was given with great satisfaction. He alluded to the fund for the proposed new school-house, explaining that to date it totaled to \$2,540, one-quarter of the amount raised. It was not likely, it was explained, that building would commence this year. On Easter Day, Rev. Mr. Burns said, the offerings had reached the sum of \$27, while the communicants had numbered 237, forming a new record. The total membership of the parish from all sources and for all purposes was over \$4,000, including \$448 for the new school building. It was also decided to have electric light placed in the church, in addition to the gas service. Officers were elected as follows:

Church wardens—Benjamin Walling, Geo. Hewson and Benjamin Walling.

Delegates to Synod—Noel. Woolley, Geo. Hewson and Benjamin Walling.

## THE LIBRARIANS

Ontario Association Convention Meets in Toronto.

President Moore, Dundas, Reviews the Work.

Toronto, April 14.—The public library as an active and aggressive educator in the community, not merely supplying books and then waiting for people to take them away, but concerned with bringing the books within reach of all who need them, whether they be the poorest or the wealthiest, was the novel idea of a library's function, as described by Mr. Matthew S. Dudgeon, secretary of the Wisconsin Free Library Commission, in an address before the Ontario Library Association at the evening session of its annual meeting in the Public Library, College street, last night.

Mr. Dudgeon's address was the subject of the evening session of the annual meeting of the Ontario Library Association, which was held at the Public Library, College street, last night. The president of the association, Mr. V. P. Moore, of Dundas, in his address reviewed the progress made by the association since its organization 14 years ago. He pointed out that, while before the association was formed there had been a number of small libraries with little influence even locally, the field has now been mapped out into 14 districts, whose work is co-ordinated. Open shelves, standard methods of cataloguing, and systematic purchasing were among some of the benefits enumerated. He also spoke highly of the attitude of the Department of Education towards the work.

The financial end of library work was discussed in two papers, Mr. C. A. Fram, of New Liskeard, dealing with the local end, and Mr. O. A. Langley, of Lakefield, the provincial. The chief point brought out by the former speaker was the fact that local boards are very often seriously handicapped through not demanding (where such action is necessary) rights which they possess under the law. The latter speaker explained, giving the board a right to demand a half mill annually, and he declared that but few municipalities live up to this, too often trusting to haphazard and like methods for raising the necessary funds, yet the speaker pointed out the library is in a measure almost as important as the school.

SUGGESTION TO GOVERNMENT.—After dealing with the departmental

treatment of libraries, Mr. Langley thought might be brought to the attention of the Provincial Government. Chief of these was that bound copies of all reports and similar documents prepared by the Government should be placed on the shelves of all libraries. Particularly was this necessary, he thought, with the Ontario statutes, so that the public might familiarize themselves with them if so desired.

In discussing the administration of the library, Mr. Langley considered that the library should endeavor to educate the public taste in the matter of fiction, placing only good books on the shelves, and not every new book as is now often done, merely to satisfy popular fancy.

The new Canadian parcels post system came in for commendation from the secretary of the association, Mr. E. A. Hardy, who pointed out that while the 36-mile area it provides a great help to libraries in getting books, Carnegie gifts in the Province of Ontario last year were valued at have amounted to \$111,000.

## DECLINES TO SALUTE FLAG

Huerta Claims Apology to U. S. All-Sufficient.

## GRAVE SITUATION

Over the Arrest of U. S. Marines by Mexicans.

Washington, April 13.—The Administration to-day emphasized the obvious gravity of the present complications in Mexico by putting an embargo on all news from Tampico.

Confidence that the salute demanded from the Mexican Federal commander at Tampico by Admiral Mayo last Thursday will be rendered was expressed at the White House to-day, beyond that not a word was obtained from any official on the situation at Tampico, and the State and Navy Departments declined to divulge any of the contents of their despatches from Mexico.

It is known, however, that while Admiral Mayo made his demands on General Zaragoza commanding at Tampico, the Administration has taken the matter out of his hands and is putting it up to President Huerta. In that procedure lies the danger of the situation, according to the belief here, because of the possibility of Huerta's refusing to accede to the demands of the United States.

In fact, there was a well-defined report in Washington late to-day that Huerta had again defied this Government and had told Charge O'Shaughnessy that he had made all the arrangements for the incident at Tampico which the usage of nations required, and that he was not to be backed up by any further force.

It has been long the fear in Washington that intervention in Mexico would be forced upon the Wilson Administration, though the making of some demand on one faction or another the dignity of the United States would require to be backed up by force in the event of a refusal by the Mexicans.

TROUBLE THREATENS. It is obviously the present intention of the Administration to insist upon the salute the American flag at Tampico, and consequently with the possibility of Huerta's proving unwilling in mind, there are many who fear that the present situation may be the one that has for months been dreaded.

The secretiveness of the Administration in the situation was emphasized by the arrival of John Lind, after his eight months' of isolation in Mexico, as the President's confidential agent. He declined flatly to entertain any questions about conditions in Mexico.

There is good authority, however, for the statement that the situation in favor of the Administration adopting a very vigorous attitude in backing up the salute. The President's confidential agent, he declined flatly to entertain any questions about conditions in Mexico.

On Sunday the official attitude had undergone a great change. Every confidence was felt, it was said, that the salute would be rendered, and it was asserted that Admiral Mayo would be backed up.

There was a total lack of information as to when the admiral's demand was to be enforced.

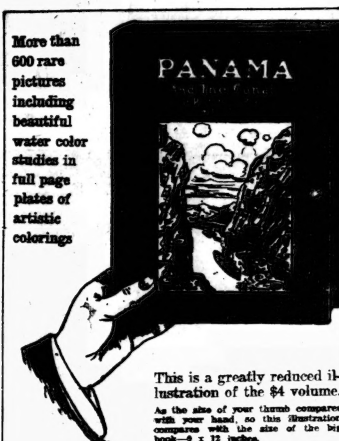

PORT MURON FERRY BURNED.

Narria, Ont., April 13.—The ferry boat Grace Dorrer, of the Port Huron and Sarria ferry line, was destroyed by fire at midnight last night and the watchman, Mick MacDonald, who told a sensational story of having been seized, escaped, bound and lowered from the boat to the dock by several men, and afterwards set fire to it, is being held pending an investigation by the police.

The boat had been carrying 150 passengers and 100 tons of freight, and was insured for \$20,000. She was insured for \$20,000.

## MYSTERIOUS DEATH

Galt Nurse Died Suddenly in Patient's Home.

Galt, April 13.—Peculiar circumstances surrounding the death of Mrs. Dempsey, a practical nurse, who resided on King street, are responsible for an inquest having been ordered by Coroner Radford. The woman was nursing Mrs. Robert Jamieson, Roseville Road, several miles from Galt. Yesterday she telegraphed the attending physician, Dr. Charlton, that she did not feel well, but said that she was not so unwell that she need not return to town, as the doctor suggested. A later call that she was violently ill caused Dr. Charlton to order the ambulance and further information received immediately after he decided him to follow. When he arrived at the Jamieson home, Mrs. Dempsey was dead. It is stated that there was no medicine around that she could have taken by mistake, and the cause of her death is a mystery. An autopsy will be performed. Two children survive.

## GUMMEN TALKED

Dago Frank Made Last-Minute Confession.

Said Gyp, Louie and Vallen Fired Fatal Shots.

New York, April 13.—The four young men went to the electric chair at Sing Sing prison early this morning, although Frank Cloutier, the "Dago Frank" of the quartette, tried frantically to save himself by an eleventh hour confession.

What the Italian had gaped out to Warden Clancy, Principal Keeper Mulvaney, his mother and sister, brooded over a narrow table in the narrow confines of the principal keeper's office at 5 o'clock in the morning, may have an important bearing on the re-trial of ex-Police Lieutenant Charles Becker, but it was not enough to persuade Governor Glynn to grant a reprieve, or to request the warden of Sing Sing to give the boys a minute of grace.

That "Dago Frank" would confess has been in the air for a week. Within an hour of the time set for the execution, "Dago Frank" met his mother and sisters at the prison in the presence of the warden, Superintendent of Prisons Riley and the principal keeper. At that moment Superintendent Riley at Albany stood beside his phone, and it is believed that in the executive mansion the eyes of Governor Glynn had not yet closed for the night.

"Frank," said the warden, "I'm sorry there's a chance here chance. What can you say?" "What do you mean, warden?" came huskily from the boy. "Frank, you've got to come across." The boy stood his hands to his head. His mother bent forward, gasped

## them, crying in Italian and English, "God to make her boy see that it was right for him to do. The boy, stepping forward, threw his arms around his neck, and with her head broken by sobs, added her prayers to those of her mother. The boy, crying and up and looked at the warden.

"What was it supposed that 'Dago Frank' asked the warden to do? He said, 'I don't want to make any statement for the public. I don't want to say anything for myself, but I do for you. My sister replied: 'Don't have any fear for us; we will take care of ourselves. God will protect us.' His mother and sister continued to urge him to tell the truth. He said he did not do the shooting. The more he said the shots were Gyp, Louie and Vallen.

He said: 'I was five miles away at the time. So far as I know, I was a gambler's fight. "Dago Frank" story was told to the Governor, but he decided to take any action, and the four men were then put to death in the electric chair.

## CAT SAVED THREE LIVES

St. Thomas, Ont., April 13.—The Cruikshanks, his wife and a baby, probably owe their lives to the fact that they kept a cat. Early this morning the family was awakened by the animal's cries just in time to escape through a back window in their night clothes before their retreat was cut off by fire, which completely gutted the building.

# Darlington and Baldwin Arrived Yesterday--Major Leagues Open To-day--City League Schedule

## Two More Players Reported to Manager Yates Yesterday

### Darlington and Baldwin Arrived Yesterday and Were Out This Morning.

Manager Yates and his crew of ball tossers went through a rather stiff practice at the H. A. A. grounds this morning, and the three newcomers the boys that have reported so far are all of the first-class variety, and if the rest of the men who have not reported as yet show the same class as those already here, the Hamilton team this season will be a rather hard one to keep away from the championship. Darlington, the catcher, arrived in town yesterday at noon and were out to practice this morning. Darlington is not a very large boy, but he has a good whip and looks to be a demon with the stick. He is also a good strider and showed up well in scoping up the grounds.

The team will practice every morning and afternoon until the season opens. The rest of the team should be here by Wednesday, and by Saturday they will be strung out in their regular places, and those who will be in the form will be the men to secure the berth.

Manager Yates thinks well of "Bud" McLeod and is well pleased with him. The local boy has made during the past week. The team will practice every morning and afternoon until the season opens. The rest of the team should be here by Wednesday, and by Saturday they will be strung out in their regular places, and those who will be in the form will be the men to secure the berth.

Ottawa, April 13.—The Ottawa Braves ball club may get a shortstop Nemo from the Fort Wayne (Ind.) of the Central League. Manager Frank Thompson left last night on a scouting expedition, which will take him to Indianapolis. Fort Wayne, Terre Haute and several other places where good men are to be had.

The scouts and scout pitcher and a first-class infielder to round out the team. Thompson goes to Detroit to see President Nava and may get a player or two there. He has been negotiating with the Chicago Cubs for a shortstop, but Fort Wayne will likely send Nemo to Ottawa, as city recently purchased him from Detroit. Nemo was drafted from Peoria by Chattanooga, and now has two men for the position. Nemo seems to have a good deal of talent. President Vanehl has been to Ottawa a man.

Last year the Senators were always weak at short field, as Tully and Brown fell down and the team was behind out the season, proved too weak. Thompson says that a shortstop and another pitcher will round out his squad to perfection. Cory looks reports at Chatham Thursday and will take charge of the early arrivals.

It is likely that Renner's release will be secured through Detroit, so the Ottawas will have Rogers, Renner and Hall on the pitching staff. Rogers, Lill and Bernholz to fight it out for the top job. Rogers has wired his acceptance of terms and will report at Chatham next week.

London Free Press: The report of the tin can will be heard this week at the London London baseball club here, as the regulars are now coming into the city one by one. Louie Bierbaum (retired) to manager. Reeling this evening after spending nearly 24 hours in getting here from London, the heavy slugger, outfielder from Saranac Lake, is expected to arrive to-morrow.

Western Ontario semi-pro, baseball managers could benefit if search of several players for the coming season by communicating with Manager Reeling immediately for a first baseman and outfielders.

The work of McGoogan at second base last night to represent the Hamilton team until the opening of the league games in May. Munn and Okey will play with Reeling for the coming season, as Lamy and Long are almost sure to capture Bertha.

Manager Reeling is elated at the showing his pitchers are making at the Toronto-Toronto series. He expects to win the meeting of the C.A.A. and will attend the next baseball difficulties with the White in Toronto. Mr. Reeling may be able to land a couple of Toronto batters to appear at the Saturday night smoker.

## Boxing Clubs First Smoker on Saturday

### Six Good Bouts Will Be Staged by Local Boxers

The members of the Hamilton Amateur Boxing Club will be afforded an opportunity to witness six splendid bouts at the first club smoker, to be held on Saturday night. The boxers to take part have not yet been selected, and a good many are working on it. Trainer Raynor will have some difficulty picking the men. This, however, assures the club members a splendid programme for the night.

Two of the members of the club are being prepared for Ontario championships, to be held in the Queen City in May—Archer and Kay having been selected to represent the Hamilton City, the former in the 115-pound class and the latter in the 145 brigade.

Both boxers are working hard, and they can handle the gloves well. St. L. Heston, president of the club, is expected to be present at the Saturday night smoker, and will attend the meeting of the C.A.A. and will attend the next baseball difficulties with the White in Toronto. Mr. Reeling may be able to land a couple of Toronto batters to appear at the Saturday night smoker.

## Senior City League Schedule Drafted at Last Night's Meeting

### Everything Looks Promising for Banner Year

#### ---Good Teams Entered.

Everything looks rosy for a successful year in the Senior City League. The schedule for the coming season has been drafted at the last night's meeting of the officials and team representatives were brought up and discussed among which was the drafting of a schedule for the coming season which is given below. It was also decided to hold a post-season tour after the league for the purpose of showing the fans the real strength of the teams, and also for the purpose of increasing the funds of the league.

After the meeting Frank Watson, last year's president, stated that judging from the interest being displayed by the officials and team representatives and the strength of the teams, this season should excel all previous years.

He says that a much faster class of players will be seen at the Hamilton this year, and that an effort will be made to have the city officials supply seating accommodation for the large crowds that attend the games every Saturday, if the city cannot be induced to supply this service, an effort will be made to have the city grant the league permission to erect small bleachers.

The league officially opens on Saturday, May 2nd, at two o'clock, and Mayor Allan and the Controllers will be asked to officiate in opening the games.

THE SCHEDULE.

May 2—Erskines vs. Y.M.C.A. Woodlands vs. St. Lawrence.
May 9—St. Lawrence vs. Erskines. Y.M.C.A. vs. Woodlands.

Aug. 22—Y.M.C.A. vs. Woodlands. St. Lawrence vs. Erskines.

The first game each Saturday afternoon will be played at two o'clock, and the second at four o'clock. Games will also be arranged for each holiday, so that the followers of the league will receive good value for the money they pay to see these teams play.

President Higgins captured John K. Tener, president of the National League, for his opening attraction, and the Governor, who at one time pitched for Chicago, will test the first ball game in play. Lieutenant Robert Wagner will perform a similar service for the American League at the Polo grounds.

Manager Chavon will pitch for the Metcalle against the champions. Bender probably will work for Manager Mack. For the Brooklyn Roadback is said to be Manager Robinson's choice, while Tyler or Purdie will pitch for Boston.

With (Times Special Wire.) Boston, Mass., April 12.—The city, with a temperature more suitable for football than for baseball, marked the opening of the season with a game between the two teams to-day, with the Red Sox lined up against Washington. The game was expected to be a close one, but for Washington, and it was thought that the players of the league will receive good value for the money they pay to see these teams play.

With (Times Special Wire.) St. Louis, April 12.—All gambling in the city has been prohibited this year, according to an announcement made today by Robert Lee Hodges, president of the local club.

During the spring city series between the two teams, St. Louis and St. Louis National the gamblers began to congregate in the stands, and the police were called in to remove them. The "fans," with the view of resuming operations, club officials have decided to help him suppress the same. Signs barring the practice will be placed throughout the park.

## President Tener to Open National League at Brooklyn To-day

### Chance Will Start Caldwell, McHale or Keating Against Athletics

(By Times Special Wire.) New York, April 12.—New York fans will divide their patronage to-day between the Polo grounds, where the Yankees are pitted to meet the Athletics of Philadelphia, and the Ebbets' field in Brooklyn, where the Dodgers will meet the Boston Braves. The day opened clear and warm, and the pilgrims for the opening of the baseball season began early, the entrances at both parks being jammed several hours before the gates were thrown open at 1 p.m.

President Higgins captured John K. Tener, president of the National League, for his opening attraction, and the Governor, who at one time pitched for Chicago, will test the first ball game in play. Lieutenant Robert Wagner will perform a similar service for the American League at the Polo grounds.

Manager Chavon will pitch for the Metcalle against the champions. Bender probably will work for Manager Mack. For the Brooklyn Roadback is said to be Manager Robinson's choice, while Tyler or Purdie will pitch for Boston.

With (Times Special Wire.) Boston, Mass., April 12.—The city, with a temperature more suitable for football than for baseball, marked the opening of the season with a game between the two teams to-day, with the Red Sox lined up against Washington. The game was expected to be a close one, but for Washington, and it was thought that the players of the league will receive good value for the money they pay to see these teams play.

## Willie Ritchie Meets Murphy on Friday

### Champion Will Have to Extend Himself Says Packey.

Chicago, April 14.—In Jimmy Croft's San Francisco arena Friday, Willie Ritchie, lightweight champion, will defend his title in a twenty round battle against "Hart" Murphy, a contender who has been developed in New York City in recent years.

Although the champion rules to 6 in the betting, local followers of the game think that Ritchie will be forced to extend himself to win the referee's decision. Packey, McFarland, a staunch friend of Ritchie, and who was partly instrumental in bringing the champion to the ring, believes the champion will have to go to the limit to win. No one should be in a better position to pass judgment on Murphy's ability than the coach who has trained him for Packey has met Murphy three times.

On April 18, 1911, Packey boxed a ten round no decision contest with Murphy in New York. On Nov. 10 of the same year it took McFarland twenty rounds to show his superiority over the easterner. Since that time the pair met for the third time in New York Oct. 17, 1912. After the fight to newspaper reports the local batter gave the New Yorker a neat trimming.

"Murphy is one of the toughest fighters I ever met," Packey said yesterday. "Of course, he has the will to win, but if he holds the New Yorker too cheaply he may meet with a surprise. Tommy can hit with either hand, and he covers up with a man's punch. I boxed him three times, and on the occasion of our twenty round bout on the coast he gave me a hard fight. If he bout goes the limit Ritchie should win on points. Willie may slip over the limit, but he does, but he will have to hit Murphy hard to put him down for the count."

Alleged to Have Been Telling Fortunes in East.

## SPEEDERS FINED

Teamsters Laid a Charge Against Wesley Harris.

Annie Mealer and Barbara Dutch, gypsies, who have been living around Queen street north for the past few months, appeared in court this morning on a charge of vagrancy, but on request of the Crown the case was held over until the 21st until further evidence can be secured. The charge has been laid by the east end police, who allege that the two women in the eastern section of the city have been going from house to house, offering to tell fortunes and, when they are refused, they make some kind of a threat. The case was laid over until the 21st, when the Magistrate (then called) will hear the case. When the prisoners were being led away they raised an awful objection, and the police were obliged to use force to get them from the dock.

Ide Harris, who conducts a store on King street east, was charged by Harry Latham with having stolen a coat. Harris claimed that Harris ejected him bodily, but the accused showed no contrition, and was taken to the east end police station.

Harry Latham drove his auto on the wrong side of the street, and this morning he paid for the experience.

On Sunday afternoon Constable Blain was walking on the main street east when he noticed two motor cars coming on "tail street" in the face of him, and just as he happened to get the numbers. This morning Joseph Latham and William Latham appeared in court and after pleading guilty each was fined \$40.

Wesley Harris was called upon by the "Teamsters" Union, to appear before Samuel Howell, who was not ready to go on with the case and it was remanded until Thursday.

Kanon Paley, who conducts a boarding house at 1 Alpha street was on a charge of having too much liquor in hand. The police asked for a remand until to-morrow and it was granted.

Twelve years later, about 1880, he made his name for himself in Chicago by his song successes. One of his greatest sellers was "Hallelujah," which he dedicated to the heroes of the Maine, and on late twelve hours after the news of the sinking of the boat, was ready to sing "The Boat." "The Boat" and "Top of the World," were the songs that the royal Alexander, Toronto, was ordered.

Mr. O'Dea's father was Patrick O'Dea, of this city. He died in his widow, the author's mother, has been living with a daughter, Mrs. Post, in Chicago.
